Covid 19 Protocols for Students attending a course in Coláiste Mhuigheo

General:

The Health & Safety of our scoláirí & staff is very important in Coláiste Mhuigheo.

All Coláistí Samhraidh have been closed due to Covid 19 since 2019.

We want to open up carefully & safely this summer.

Covid 19 is still prevalent in many communities throughout Ireland.

We want our scoláirí & staff to adopt best preventative practice in order to decrease the possibility of either scoláirí or staff getting Covid or becoming sick with Covid.

Coláiste Mhuigheo will work at all times with HSE, Public Health & any other relevant state bodies to ensure the safe operation of our courses for scoláirí, staff & mná tigh.

Coláiste Mhuigheo will put in place guidelines & rules that provide the best protection for all in avoiding Covid and the possible spread of Covid during our courses.

- Good hand washing and hygiene practice: It is important that hands are washed regularly & thoroughly
- Surfaces will be disinfected regularly
- Ventilation: All classrooms & halls will be fully ventilated
- Students advised to wear masks in confined spaces.

Before Coming to Coláiste Mhuigheo;

- ✓ All students must take an antigen test at home the previous day. You must get a negative result. If positive stay at home.
- ✓ All students must bring at least 3 antigen test kits in their luggage.
- ✓ All students will take an antigen test after week 1 in Coláiste

Positive Test Cases:

If a student is showing any symptoms of Covid 19, (fever, high temperature, cough, headache, loss of smell etc) they will take an antigen test under the guidance of a staff member or bean an tigh.

All Covid positive cases must be collected by parents from the Coláiste immediately. They may return 5 days later if symptom free or choose to join one of our later courses.

Covid Illness Update 2024:

When a student exhibits Covid symptoms, parents will be contacted.

Student will be advised to wear a masc in indoor settings. If symptoms persist & following a discussion with parents a Covid test may be administered with parental consent.

If student provides a positive test they will;

- Enter isolation immediately
- Parents are contacted & student must be collected to go home as soon as possible.
- Student will be welcome back on course as soon as she/he produces a negative test.
- There are no refunds in Covid cases.

Further Information may be sent to applicants before course starts.
